

Melitta SystemService

Melitta® Filter Coffee Machines

M 170 M
M 170 MT

The robust filter coffee machine
with glass jug or thermal jug.

STABLE - DURABLE - RELIABLE

MELITTA® FOR THE ULTIMATE IN COFFEE ENJOYMENT

Excellent coffee quality

Melitta® filter paper is made of the highest quality, oxygen bleached cellulose. Great taste flows into the cup and bitter substances are removed.

Easy to maintain

The decalcification signal ensures low service costs. Illuminated power indicator. Robust, electronically controlled instantaneous water heater.

Gentle storage

Thermal jugs for the Melitta® 170 MT are available in two versions: 1,85 Litre (Screw-top lid) or 2,2 Litre (Pump jug).

Warm keeping

with two discretely switchable warming plates, that ensure hot brewed coffee at 80°-85° C.

MELITTA® FOR THE ULTIMATE IN COFFEE ENJOYMENT

Melitta SystemService
